

## **The Road To Ithaca**

**BY BEN PASTOR**

(Bitter Lemon Press, £8.99)

Martin Bora, Ben Pastor's handsome, noble Wehrmacht officer, is running Philip Kerr's Bernie Gunther a close second as my favourite morally conflicted Second World War-era German detective. This fifth entry in the series finds Bora making a perilous journey deep into the hills of Crete to uncover – and possibly hush up – the truth about an apparent war crime committed by German paratroopers.
